Please volunteer your services to Marjorie Allison at phone number above.

President Robert Strathman called the Kansas Green Thumb office to inquire if the society could get a person under this program to be hostess this summer, and at this time, nothing is definite. Mary Ann Berkley, hostess chairman, would greatly appreciate volunteers calling her to serve as hostess until such time other arrangements are made. The kitchen ceiling came down this past winter and has been repaired for papering. The cell block ceiling upstains paint will have to be scraped and repainted and in the basement, the walls hopefully are ready for painting, and a railing will have to be built for the stairs before exhibits can be put in place. Needed are paper hangers, persons willing to help scrape the ceiling, carpenters and persons to help with the painting, all prior to the May 17th cleaning date. Please offer your services for papering the kitchen to Anna Hammes and to Robert Strathman at either his home phone 336-on page 1 or his business phone of 336-2118. DONATIONS OF ANTIQUES TO THE MUSEUM:

The question has been asked, "How do I donate an item to the museum after my death?" This can be accomplished by including a clause in your will to that effect or by adding a Codicil to your will stipulating the item you wish to go to the museum. This is the best way to do it. The same is true of cash donations, after death.

Anyone wishing to donate an item to the museum during their lifetime signs an Accession Form releasing the item to the Historical Society for the use and benefit of the society. The By-Laws give the Board of Directors the authority to accept items or reject any item that is not suitable for the museum's purpose. Items that are accepted are labeled with the name of the donor.

---

THE SPRING MEETING AT SABETHA ON MARCH 13, 1983 held at the Masonic Lodge was well attended. We thank the Sabetha board members Wilfred Christman, his wife Ann; Mildred Goens and Others for the good food and especially the hat pins used as decorations. They were from the collection of Wilfred Christman. Thanks to Ann Christman and Amelia Sudbeck for giving the program.

HAVE A HAPPY ST. PATRICK'S DAY - March 17

# "Taking Care of America" to Be Theme of Preservation Week 1984

To focus attention on the role of historic preservation in the United States, the National Trust for Historic Preservation has designated May 13-19, 1984, as National Historic Preservation Week with the theme "Preservation Is Taking Care of America."

The purpose of Preservation Week is to make the public aware of the major contributions that historic buildings and districts are making to the prosperity of America's cities and towns. More than five thousand preservation and neighborhood organizations are expected to hold events during Preservation Week to help the public understand that historic preservation is not only an aesthetic concern but a factor in the economic stability of neighborhoods, downtowns, and rural areas. Events will include neighborhood clean-up days, workshops, award programs, and media interviews.

Michael L. Ainslie, president of the National Trust, explained the selection of the theme "Preservation Is Taking Care of America" when he said: "Quality rehabilitation and restoration, as well as quality maintenance, are the principal concerns of all preservationists, including the owners of old homes, city and state government officials and owners of commercial buildings. I know that preservation and neighborhood groups across the country will seize the opportunity during May 13-19, 1984, and throughout the year to demonstrate their commitment to preserving our heritage."

Central to the national calendar of Preservation Week events is a vivid full-color poster being produced by the National Trust. The poster will be distributed through the Trust's member organizations and affiliated neighborhood groups in March. An information brochure on rehabilitation and maintenance techniques will be produced by the Trust as well. All Preservation Week materials are available by writing or calling the National Trust's public affairs office. The mailing address is Public Affairs Division, National Trust for Historic Preservation, 1785 Massachusetts Avenue, NW, Washington, D.C. 20036 (telephone 202-673-4141).

Benedictine College in Atchison has demolished Lemke Hall and Old Priory, two of the major buildings of the Benedictine College North Campus Historic Complex. The district was listed on the National Register in 1982 at the request of col[illegible] officials.

The Annual Meeting was held on June 9, 1985 at the Sirloin Room in Seneca. At the meeting we elected three new members of the board of directors: Amelia Sudbeck, Phyllis Kramer and Mary Sourk. Donna Kirk was re-elected. Those retiring were Earl Volz,Odelia Brokamp and Anna Hammes. We thank them for a job well done. Jay Fankhauser and the Bern Quartet sang several songs and a good time was had. Thanks. And now to apoloize to Bob and Maurine the nice folks at the Sirloin Room for the boner that I pulled. I forgot to turn in 8 reservations and of course it was a lovely evening and everyone came, so some food stretching had to be done. So if someone didn't get all they wanted, hit me over the head with a wet noodle. Thanks for having patience with me. I promised it will not happen again.

Our fall meeting was in Goff, and as usual we had a good time. The Goff United Methodist Women served the meal and Jim Dobbins had a group of railroaders (which is a group out of Topeka) give us a little information (talk and slides) about our local depots and etc. It was good to see a picture of the local depots as well as Seneca's as a kid I walked by, through and around it very day. Rev. Joy Schelussman gave three music numbers. Thanks Goff for an excellent time.

THE OCTOBER 5, 1986 OPEN HOUSE WAS A HUGE SUCCESS, we had a good crowd, saw butter churned, homemade soap was available and Marjorie gave instructions on how to make it. New members added: Mrs. Cyril Koch, Mary C. Stallbaumer, Marjorie Reeder, Gladys Heiman, Eugene Visser, Mrs. Aloy Haverkamp, Jr., Bruce Larkin, Pauline Esslinger and Irene Graney. Welcome Aboard. The Wedding dress room was really nice and we thank those who contributed and worked hard to make it worthwhile. Amelia and Phil and others had the placed thoroughly cleaned, there were new displays, etc. It was great. Thanks!

I THINK THE ATICLE BELOW IS WORTH PASSING ON -

## ALL I EVER REALLY NEEDED TO KNOW I LEARNED IN KINDERGARTEN

by
**Robert Fulghum**
**Reprinted from Kansas City Times, Sept. 17, 1986**

Most of what I really need to know about how to live, and what to do, and how to be, I learned in kindergarten. Wisdom was not at the top of the graduate school mountain, but there in the sandbox at nursery school.

These are the things I learned: Share everything. Play fair. Don't hit people. Put things back where you found them. Clean up your own mess. Don't take things that aren't yours. Say you're sorry when you hurt somebody. Wash your hands before you eat. Flush. Warm cookies and cold milk are good for you. Live a balanced life. Learn some and think some and draw and paint and sing and dance and play and work every day some.

Take a nap every afternoon. When you go out into the world, watch for traffic, hold hands, and stick together. Be aware of wonder. Remember the little seed in the plastic cup. The roots go down and the plant goes up and nobody really knows how or why, but we are all like that.

Goldfish and hamsters and white mice and even the little seed in the plastic cup—they all die. So do we.

And then remember the book about Dick and Jane and the first word you learned, the biggest word of all: LOOK. Everything you need to know is in there somewhere. The Golden Rule and love and basic sanitation. Ecology and politics and sane living.

Think of what a better world it would be if we all—the whole world—had cookies and milk about 3 o'clock every afternoon and then lay down with our blankets for a nap. Or if we had a basic policy in our nation and other nations to always put things back where we found them and cleaned up our own messes. And it is still true, no matter how old you are, when you go out into the world, it is best to hold hands and stick together.

# At the Kansas Museum of History

Exciting things are happening at the Kansas Museum of History. The museum, located in Topeka, has prearranged tours and exhibits for students. In addition, the museum has developed an outreach program which includes many "loan" items.

At the Museum, the "Food on the Move" tour includes exploration of the early food sources of people in Kansas, preparation and preservation of foods, and survival on the Santa Fe Trail. In the "Recent Past" section of the Museum, Dorothy's Rainbow Diner is a highlight. The diner is a re-creation of a 1950's stainless steel diner. Visitors to Dorothy's Rainbow Diner sit on a revolving stool at the counter and place "orders" on an interactive video screen. Along with nutrition information about their selections, participants receive a little bit of history about Kansas agricultural products. A nutrition "bill" is provided each participant at the end of their stay at the diner.

As part of their community outreach program, the Kansas Museum of History has many loan items available for use in the classroom. "Enough to Eat? Food in Kansas in the 1860's" is a slide/tape or video presentation that examines the nutritional patterns of Kansas settlers, soldiers and Indians during the 1860's. Junior and Senior High students and their teachers will discover surprising facts about eating habits in the early years in Kansas.

The most recent addition to the Museum's loan items are the "Wheatland Trunks." Designed for primary grades, the trunk is a complete teaching unit on wheat production and utilization in Kansas. The two week unit is designed for "hands on" learning.

The items listed above were developed under joint cooperation with the Kansas Museum of History and the Nutrition Education and Training Program at the Kansas State Department of Education. Additional information can be obtained by writing the Kansas Museum of History, 6425 SW 6th Street, Topeka, Kansas 66615-1099.

**A SNAPPY STORY WITH A REAL TWIST!**

What can be used to bundle papers, power toys, create uplifting hairstyles and straighten teeth? If you guessed rubber bands, you're right!

Both inside the office and out, their uses are virtually endless. In fact, it's hard to imagine how the world "held together" without them!

However, it wasn't until 1803 that the first factory for manufacturing rubber products was opened near Paris, France. Then, in 1820 London, Thomas Hancock cut some hard rubber bottles into strips. From them, he made elastic threads that were sewn into the wrists of gloves. Some historians have called these threads the first rubber bands.

In 1844, Charles Goodyear revolutionized the rubber industry by perfecting a process of heating rubber to help it last longer. He called it vulcanization — after Vulcan, the Roman God of fire. In the United States, there were nine companies manufacturing rubber bands by 1892. Today, rubber bands are being manufactured worldwide.

This is how rubber bands work. The rubber in them consists of tiny particles, held together in long, twisted strands. As you pull on them, the strands untwist. This gives the rubber bands their stretch. When you release the strands, they snap back in place.

In spite of Goodyear's efforts, rubber bands will eventually lose their elasticity. They become brittle and are more likely to break. So, to help rubber bands retain their "youth," you should store them out of direct sunlight and away from heat.

## There'll Always Be A Christmas

HILDA BUTLER FARR

There'll always be a Christmas
To bring us hope and peace,
And nothing can destroy it . . .
The joy will never cease.
Whatever are our problems,
Whatever we must face,
We gain a new perspective
Within this time of grace.

There'll always be a Christmas
Though every dream may fail,
It's something we can count on
Through each December trail.
The twinkling trees, and Santa;
As carols flood the air,
The church bells ringing gaily . . .
While people kneel in prayer.

There'll always be a Christmas
Because upon this day
Was born the blessed Jesus
Who came to light our way.

To the Members of the Nemaha County Historical Society:

It doesn't seem possible that 1989 is almost gone.

Our OPEN HOUSE was a great sucess, I want to thank you members, non-members who helped in any way to keep things moving smoothly. Your President appreciates the cooperation. Without all of this we couldn't keep the museum operating smoothly.

We are now in the Holiday Season. Thanksgiving Day is just around the corner.
Let us not forget to give thanks for all the blessings we have received throughout the year.
Merry Christmas to all of you. Our party is November 26th in Sabetha at Buzz's cafe at 7:00 P.M. We hope you will join us for this joyous time of the year.

THANKS TO ALL WHO CONTRIBUTED, IN ANY WAY TO THE OPEN HOUSE ON OCTOBER 1st. We had a good crowd and a good time. The weather was truly lovely, and the home made ice cream with pie, cake or just plain was really great. The country store had lots of things to sell, and the craft demonstrations were excellent. Dr. Mike run lots of apples through the press and there was cider galore. The displays were super, as was the train from Fairview. Doc B. gave buggy rides, and the antique cars were super. Doug Ackerman had his display over at the old hospital site. Thanks again to one and all for a job well done.

THANKS CORNING FOR A SWELL TIME AT THE FALL MEETING. Gary Brown, entertained us by playing his guitar and singing some well know hymns. The supper was great too! Jessie Ayers, Centralia was a guest, along with George Monroe from Grand Island, Neb. Mr. & Mrs. Gary Brown were also guests. We have several new members and maybe at the March meeting we will have a list so that we can publish it. Thanks again, Corning.

Several people have given things to the museum and if your name is not mentioned this time - it just means that they haven't got it recorded just yet. Sam Armstrong gave a History Book of Kansas; Hospital gave us the birthing bed and several other articles; lamp from the Wetmore Post office by Elizabeth Schock & Tom McConwell; Virginia Koelzer donated 2 KS histories from Mrs. Urban Koelzer; Polly Leedy gave a box that contained the sermons of her great-grandfather G. W. Jermane and Grandfather W.L. Jermane that date back to 1869. They were both ministers. She also gave her mother's button collection that contains over 5000 buttons.

The museum board met 15 November at the museum in Seneca. President Winkler opened the meeting. Mary Sourk read the minutes of the 14 August and 9 September meetings and they were approved. Al Buser gave a report of the open house and the dance.

Don Richardson was contacted by the bell committee and attended the meeting to discuss how the bell Harry Burger gave the museum is to be hung. He will draw several designs, then he and Al Buser will confer with Mr Burger to finalize the plans. The bell is to be placed in the museum yard.

The cemetary project was discussed. If anyone knows of an old cemetary or burial plot that has been forgotten, please let Anita Heiman, County Clerk, know and she will check to see if she has a record of it. Years ago, many people were buried on their farms and since have been forgotten or overlooked.

It was decided to place an ad in the Courier for the Christmas dinner to encourage everyone to come and enjoy the fellowship of our group!

# Plaque honoring Sudbeck to be hung at museum

The Nemaha County Historical Society, Inc., held its Spring dinner meeting March 17, at the Congregational United Church of Christ in Centralia. Ninety-one members and guests were present. Guests were Harry Burger, Seneca; Mr. and Mrs. Marvin McGuire, Onaga; Gary Satter, Valley Falls; and Nancy Sandehn. The Centralia members hosted the event and decorated the tables in a St. Patrick's theme.

President Albert Winkler welcomed everyone, led the Pledge of Allegiance, and read a prayer. He introduced Red and Grace Kelley, who were in charge of the program. Grace led the group in singing the table grace, then all enjoyed the delicious ham loaf dinner served by the Fellowship ladies of the church.

Red introduced the "Two Notes," Mr. and Mrs. Marvin McGuire; they played old-time tunes and several Irish songs for the occasion.

Winkler introduced the guest speaker, Nancy Sandehn. She spoke about her work with Mo-Kan and the Cultural Resource Survey she does for the RC&D. She explained how she covers the county, taking pictures, documenting buildings and other sites, then putting all of this information on a resources inventory form. She showed examples of the forms, how they were filled out, then passed two examples of survey booklets around showing work she had completed for other counties. She gave several examples of buildings that had much historical value: St. Mary's Church at St. Benedict, the Township Hall at Baileyville, Harry Burger's unusual barn, and the Main Street of Bern. She answered questions from the floor.

Winkler thanked Frank Mathewson for installing an electric door chime at the museum, so Mrs. Fangman will know when someone has entered.

Grace Kelley read a memorial for our recent deceased members, Amelia and Linus Sudbeck, Melba Slocum, Lawrence Winkler, and Dr. Gilbert. They will be greatly missed for their years of dedicated service for the Historical Society.

Amelia Sudbeck's children presented a monetary gift for a memorial in Amelia's name. They also presented the society with a plaque in honor of Amelia's dedicated service as a founder and charter member of the society. The plaque will be hung in the museum as a memorial to Amelia.

Winkler appointed a nominating committee of Ann Christman, Donna Kirk and Joyce Olberding. Their report will be given at the next dinner meeting.

Anita Heiman, County Clerk, asked if the Historical Society would like to participate in County Government Day on April 10. Winkler accepted and asked for volunteers to help at the museum that day.

The next dinner meeting will be June 9, with the St. Benedict members as hosts. The time and place will be announced later.

Winkler adjourned the dinner meeting, and a short board meeting followed.

The board meeting opened with a discussion of the June dinner meeting. The St. Benedict members will decide as they are the hosts, and it will be announced in the Pioneer Press newsletter.

Eldon Olberding reported on the museum signs and also on the Burger school bell plans. Several other matters were brought before the board and resolved.

Donna Kirk was approved as Membership chairman, and Wilfrid Christman was approved as co-curator.

THANKS TO ALL WHO HELP IN ANY WAY AT THE MUSEUM, YOU ARE THE GREATEST.

At the last board meeting our contract with the Green Thumb project was not renewed. Most of theprojects are just for two years, but we got a extra year because they didn't have a project for Irene to work on. So keeping the museum open three days a week has fallen on the membership to maintain the hours to keep it open. If you are able to work on a Monday, Wednesday or Friday, please call Donna or Eldon. You will be called to help. Thanks to Joyce Olberding, Sadie Waller, Helen Hammes, Anna Hammes, Alice McGinty, and Donna who have already helped to keep the museum open. We are sorry to lose Irene as she kept the museum clean and was hostess too. Thanks Irene! Irene is still working with the Green Thumb but in a different capacity.

## Historical Society holds open house

A crisp sunny fall day welcomed the open house at the Nemaha County Historical Society's museum in Seneca Sunday October 4.

There were lots of special displays, hand painted china, baseball cards, stamps, caps, quilts, restored furniture, and many other collectables, to view through the museum. We have added a new genealogy section, for those interested in researching their family.

# Historical Society met

The Nemaha County Historical Society, Inc., met at the museum on October 22 at 7:30 p.m. There were 10 board members, the publicity chairman and Earl Volz, Goff, present.

President Albert Winkler called the meeting to order. Mary Steinalge read the minutes of the last board meeting; they were approved. Ann Christman gave the treasurer's report and a report on the open house held October 4.

The museum holds an important place in our county; it binds our past with our future with its historical and educational value. We have visitors from many places who enjoy museums; some are researching their families and use our reference material, school children are given tours and see the displays. They can relate to their heritage and see how their grandparents, etc., once lived.

For the continuing growth of the museum, we would welcome all contributions, memorials, life memberships and especially new members. Anyone interested in joining the group should call Membership chairman, Donna Kirk. Also, if you are cleaning out the attic, etc., keep the museum in mind and contract Curator Wilfrid Christman, to see if the museum would like the items. Sometimes one throws away something that would be very interesting for the museum.

The financial situation of the museum was discussed. A motion was made and approved to increase the dues 50¢ to $2.50 starting June 30, 1993. A motion was made and approved to charge admission: Adults $1, children 5-14, 50¢, under 5 are free, and families $3, effective January 1. There were several other items discussed and dealt with.

The Christmas dinner meeting will be in Corning at St. Patrick's Church basement on November 22 at 6:30 p.m. The board members will be calling their lists for reservations and the deadline is November 15. If you are missed and wish to go, call Donna Kirk or Ann Christman.

Lorena and Werner Ronnebaum and familiy are new Life Memorial members.
Alan Ward, Centralia; Tom Halbkat, Charlotte Burdick, Antoinette Wilaon, Stanley and Cindy Murphy, Rosemary Holthaus, Suzanne Bernd and Sue Haas all from Seneca are new members. We Welcome them to the Society.

During the Open House several donations and dues were paid. We thank you all for your donations and paying for the dues. The museum is an old building and is in need of constant repair, upkeep and etc.

Please note the article on this page it tells of the results of the last board meeting.

We thanks all of those who came and worked, looked and participate in any way at the open house. It was a lovely day and we the board were quite pleased with the results.

VOLUME MAY 1993 Number

The OREGON TRAIL is celebrating its 150th anniversery this month

Did you know a branch of this trail called the ST JOSEPH AND CALIFORNIA ROAD crossed Nemaha County?

The Oregon Trail started at Westport, MO the last part of May 1843 and followed the Kansas river to Topeka, then went northwest past St. Marys, continueing on thru Alcove Spring, south of Marysville, then going northwest thru Marshall County and on into Nebraska.

Many of the emigrants used the St Joseph-California Road because it was a shorter distance to the Nebraska border than going the southern route. This road started at St Joseph, MO and crossed Nemaha County, passing near Sabetha and crossing the Bern townsite, continued on west, crossing Baker's Ford about 3 miles west of Bern, then onward to meet the main trail in Marshall County.

It is said that when the Bern townsite was laid out, the ruts of the wagons were still visible, running between the lumberyard and the bank building.*

An incident described in Tennal's "History of Nemaha County" tells of a group of Morman emigrants who stopped at Murphy Lake, southwest of Bern in August 1855. They drained the lake to catch the fish because of hunger. Forty of the Mormans died, probably of cholera from eating the fish, and are buried near the campsite.

The Kansas City Star ran a series on the Oregon Trail the past month and half. It was very interesting and informative, if you get a chance, read it. Copies will be available in June from the paper.

The KCNW railroads last train went over the track the first week of December 1919, with the officials gathering up the last tickets. The railraod was taken up in 1926 and 1927, and surrendered its charter October 1927.

Situated in Wetmore Township on the Kansas City Northwestern railroad line, the little village of Bancroft is expanding, adding 3 additions to the original "old town". They are called "Camp, Woodburn and Poynter" and streets have been laid out and named, "First, Second, Elk and Sycamore", this is more than some villages have progressed.

We now have a bank, a hotel, a post office, a blacksmith shop, a Union church, a creamery station, and numerous stores. There is an excellent graded school and a doctor has taken up residence and opened an office. Down by the railroad there are stock yards and other means of shipping the great amount of stock and grain from the area.

With the loss of the railroad, our little village will slowly dissolve and most businesses etc. will migrate to the nearby towns with a railroad* I am just a memory now!

The depot was moved from town to a nearby farm and used for storage. The owner has offered it back to the residents who still reside in and near Bancroft to be restored as a museum of the area.

Lurena Claycamp, Soldier, Edgar and Judy Claycamp and Betty and Francis Davis of Wetmore came before the Board November 9, to ask about associating with the Historical Society in helping with moving and renovating the old Bancroft depot. The matter will be taken into consideration with further investigation before a decision is made.

WELCOME, Granada is a little village in Nemaha County. My 1st settler was David Locknane, when he built his log cabin near a small stream here around 1855. I am told his home was the oldest building in the county.

In 1856 a stone building was erected and became the Locknane Hotel. Every once in a while a pro-or anti-slavery band would dash into the yard and demand Mrs Locknane serve dinner in 15 minutes. General Jim Lane and his anti-slavery followers were frequent guests.

The James Barnes family, including eleven children, came and our village grew. By the time the Civil War started, we were a thriving little town. We had a post office, a drugstore, a hardware, a school house, a general store, a blacksmith shop and a Woodman Hall. We were fortunate to have Doctor Haigh and his family, but sadly he and and his little boy passed away from typhoid and were buried together. We lost several members of our little community during this trying time. Doctor Skinner came to take care of us, he is surely needed.

We've been having a lot of excitement lately. Granada has been chosen as one of the stations on the Pony Express. Mr Holladay got the idea of sending the mail overland by horse and he is hiring young men to ride and carry the mail from Sacremento, CA to St Joseph, MO and back. They ride so many miles, changing horses at each station and we have one of the stations. We are hoping this will make our little town prosper.

In the 1860's we hear that the railroads are coming, but unfortunately none come this way. The St Joseph & Grand Island (owned by the Union Pacific) and goes thru Sabetha. Then the Kansas City Northwestern and the Central Branch are going thru Wetmore and on west. With the coming of the railroads, the Pony Express ends and our station closes*

My people see the advantages of haveing a railroad near and are moving to Wetmore or other places near one. My town is slowly dying as one by one they leave, till I am no more. One can still see where I existed, but I am just another little town in someone's memory!!

"People from the Bancroft Community have always carried a spirit of pride and loyalty not found in many other communities." These words are near the end of the Bancroft Preservation Association's first newsletter, the "Bell and Whistle," sent to friends and alumni of the Bancroft High School and asking for support in raising $5000 to move and restore a depot from the Old Northwestern Line for use as a museum for school, railroad, and community memorabelia.

This spirit still lives as evidenced by responses to the newsletter sent in March and a second issue in April. The half-way point has been reached through donations and through sale of real Bancroft bricks painted to depict the school and engraved memorial bricks to be placed in the patio area of the depot. The site is being cleared and plans are underway for pouring the footings for the foundation.

During the summer of 1993 several community members of Bancroft, present and former, discussed the need for a site to house items and records from the school which was to be torn down. Research for a site was not promising until the group learned of the Depot. Duane Engelke agreed to donate the Depot; Francis Davis and Virgil Wesley said items and bricks from the school would be donated; Evelyn Claycamp donated land across from the church for placement of the Depot.

Formal organization of the Bancroft Preservation Association as an affiliate of the Nemaha County Historical Society was on January 2, 1994. The fourth meeting was held in April. At the meetings community and committee members share not only the business of organizing a museum but also memories of Bancroft that help them fondly recall experiences in this little town.

The Nemaha County Historical Society, Inc. met Tuesday August 9, at the museum in Seneca. There were eleven members, Marcia Philbrick, and the reporter present.

Dorothy Pearl Murphy opened the meeting. Mary Steinlage read the minutes of the last board meeting, they were approved as read. Joyce Olberding gave the treasurers report. She reported the 'Christmas in July' lunch stand was very successful. We thank everyone who contributed in any way to this being a success.

Joyce reported that there has been a number of visiters to the museum, including visitors from Germany and Italy.

Marcia gave the genealogy report. She has been researching materials in the museum and passed out a list of all the genealogy material there is in the museum. If you are looking for some material, come in and maybe you can find it there.

Francis Davis reported on the Bancroft committee. They have the foundation done and are now cleaning around, etc. the depot getting ready to move it in the near future.

Bob Yunghans was absent, so Joyce gave a membership report. Bob collected dues at the 'Christmas in July' event and was successful in getting quite a few new members and collecting other dues. Floyd and Peggy Ford, Wetmore are new 'life members'.

Ray Huninghake and Albert Winkler gave a building report and the progress to date. There are many things to consider on a project of this type, so it take time to finalize things.

The November board meeting was changed to November 1st and the dinner meeting at St. Benedict was changed to November 20th. The June dinner meeting is to be changed and will be announced at a later time

The August 28th dinner meeting will be at Valentino's, Seneca, at 6:30pm, the board members will be calling their lists. Remember, if you cannot come and cancel, be sure to tell the person calling you, or you will be charged for the meal. Bring a friend and come join in the fellowship.

We will be needing food for the food sale and lunch stand and help with the activities and cleaning and preparing the museum for viewing.
